

Application to provide a self-lay point of connection

Please use this form for applications for new developments where an SLO will design the scheme and submit it to us for approval.

This application form should be used at detailed planning stage of your development, if you are considering using a self-lay organisation (SLO) to design and install your new water mains and service connections.

Please complete all sections of this form and provide all the information requested – otherwise, this may delay your request.

If you would like a quotation from us for providing your new mains and services, please complete an **Application for a new water main (requisition)**, which is available on our website www.thameswater.co.uk/developers

Once completed please email this form to developer.services@thameswater.co.uk. If you need help please call us on **0800 003 921**.

Section 1: About you

You are (please tick)

Developer SLO Consultant

Other (please indicate)

Name

Company

Contact address

Postcode:

Landline phone number

Mobile phone number

Email

If you are not the developer, please provide a letter of authority from the developer. *Without this we will not be able to proceed with this application.*

Have you attached a letter of authority?

Yes No

Section 2: About the development location

Site address (or nearest main road)

Postcode:

Site grid reference (mid point)

Planning permission reference number

Date issued

Have you requested a water pre-development enquiry?
Please note that if this is not completed, it could delay your application.

Yes No

If yes, please provide date issued

Site contact name

Site office telephone number

Section 3: Infrastructure credits

Has the site had a water supply in the last five years?

Yes No

If yes, please provide the following details, which will help us to give you the value and duration of infrastructure credits available.

Previous household supplies

Number of connections on the site

Approximate date of disconnection

Previous non-household supplies

Number of connections on the site

Approximate date of disconnection

Type of premises

Number of employees on site

Section 4: Service connections

Household premises

How many new standard water connections (25mm) are planned?

How many new non-standard connections (above 25mm) are planned?

| | | | |
|------|----------------------|-------|----------------------|
| 32mm | <input type="text"/> | 63mm | <input type="text"/> |
| 90mm | <input type="text"/> | Other | <input type="text"/> |

How many metered household units are being served from these non-standard connections (e.g. 2x 63mm each supplying 4 units = 8 units)?

| | | | |
|------|----------------------|-------|----------------------|
| 32mm | <input type="text"/> | 63mm | <input type="text"/> |
| 90mm | <input type="text"/> | Other | <input type="text"/> |

Anticipated date of first connection

Anticipated date of final connection

Non-household premises *(attach an additional sheet if needed)*

How many new standard water connections (25mm) are planned?

Plot no.

Floor space Sq m

Building type *(see key below)*

Volume required m³/day

Flow rate

Max Mean Min

Anticipated connection date

Non-household building types

Building type - *please add number for each relevant type*

| | | | | | |
|-------------|----------------------|------------|----------------------|----------------|----------------------|
| School | <input type="text"/> | Retail | <input type="text"/> | Nursing home | <input type="text"/> |
| Factory | <input type="text"/> | University | <input type="text"/> | Hotel/Pub | <input type="text"/> |
| Office | <input type="text"/> | Hospital | <input type="text"/> | Leisure centre | <input type="text"/> |
| Unspecified | <input type="text"/> | | | | |

Section 5: Supporting documents

Have you included a site location plan (ideally Ordnance Survey at 1:2500)?

Yes

No

Where available, have you included a site layout plan?

Yes

No

Section 6: Declaration

By submitting this application I confirm that I have provided all the information requested

Name

Position

Company

Date

Landline phone number

Mobile phone number

Please add any further notes below
